IMPACT's donor loyalty programs operate on a points-per-donation basis. Participants receive points for each donation based on donation type (whole blood, platelet, double red cell, etc.) Participants can also earn bonus points for donating on specific days of the year when blood collection typically dips (ie. holiday weekends). Donors can redeem points in the MVRBC online store for logo apparel and gifts that will tell the world you make an IMPACT by being a blood donor!

Benefits of the new IMPACT program include:

- A user friendly system with easy navigation
- A donor profile that records donation history and accrued points
- Improved communication to donors and enhanced donor recognition for milestones
- New products in the MVRBC online store

Get started using IMPACT by following the steps listed on the back! Any questions, call (800) 747-5401 or email impact@mvrbc.com
