Alli,

Hello. The current certificate has been extended to 8-31-2023. No action is needed at this time. Due to the PHE we are behind schedule completing recertification surveys. CMS will continue to extend the current CLIA Certificate on a month by month basis until the recertification survey has been completed. I have reviewed the file for 10D0665212 and see that all relevant inspection fees have been paid.

You will be notified 2-14 days prior to the recertification survey via the email contact listed for your laboratory. (2-quality@impactlife.org)

You can view the updated expiration date for the current certificate using the CMS QCOR database. (**Please note the database is only updated weekly so there may be a slight delay in seeing the extension of the certificate using this database*)

QCOR – CLIA Laboratory Lookup: <https://qcor.cms.gov/main.jsp>

Please let me know if you have any additional questions.

Regards,

Brandon Rakowski
