

PLEASE READ

DO NOT GIVE BLOOD IF:

- you have been diagnosed with COVID-19 UNTIL 28 days after your recovery (no fever, cough or other respiratory symptoms and no need for oxygen);
- you are waiting for a test result for COVID-19;
 - *If negative result and you are well, you may donate.*
 - *If positive result you must wait 28 days from your testing date and be well.*
- in the last 14 days you have been within six feet of someone who has the virus or is being tested for the virus for greater than 15 minutes without use of personal protective equipment;
- **NEW** - If you are being tested as a work/school requirement, and you have no symptoms nor exposure to a positive COVID, you can donate.
- you have fever, cough, or shortness of breath.

IMPORTANT

Donors and staff are required to wear cloth face coverings.

If donors do not have a face covering, they will be provided with one.

Only donors, volunteers and employees can enter for health and safety purposes.

We do NOT test blood or donors for COVID-19 (SARS-CoV-2).

Effective 08/17/2020

Call 800-747-5401 or text 999-777 and we will determine next eligible date.
