

When implementing ISBT-128 labeling, this checklist is a helpful aid in accomplishing the change. It is by no means an all inclusive list of necessary steps to achieve a successful conversion. For questions or assistance, please contact your Client Service Coordinator.

Suggested checklist Items:

| | YES | NO | Date completed |
|--|-----|----|----------------|
| Will your transfusion service change the product label? Yes then you must register with ICCBBA Contact www.iccbba.org to begin the process | | | |
| Writing Plan for the conversion to ISBT-128 including changes to | | | |
| Lab | | | |
| Nursing | | | |
| Billing | | | |
